

the unarmed truth my fight to blow the whistle and expose fast and furious

# PDF THE UNARMED TRUTH MY FIGHT TO BLOW THE WHISTLE AND EXPOSE FAST AND FURIOUS

## The Unarmed Truth

Traces the controversial military operation that led to the death of Border Patrol Agent Brian Terry and the author's high-risk personal and professional efforts to expose the truth and cover-up.

## Exit Wounds

"Guns are relational: they can be tools of violence or of protection. Bullets injure individuals and communities, creating collective damage. In the United States, gun violence has reached alarming levels, but the effects of firearms sold in this country don't stop at its borders. American guns have torn the social fabric of Mexican society in ways that have entangled the lives of citizens on both sides of the border-Mexicans and Americans-in a vicious circle of violence. While migrants and refugees are fleeing north, seeking safety in the United States, Exit Wounds follows the guns going south, from dealers in Arizona and Texas to crime scenes in Mexico. Through stories of people who live and work with guns on both sides of the border and either side of the law-a businessman who smuggles guns, a girl who becomes a trained assassin, two federal agents who try to stop gun traffickers, a journalist reporting on organized crime-the book grapples with US complicity in violence south of the border and examines the impact of American guns on both countries"--

## Clean House

Judicial Watch president Tom Fitton examines what he believes are scandals and cover-ups in Barack Obama's second term.

## I'm from the Government and I'm Here to Kill You

Gallup recently found that 49 percent of Americans believe that the government poses "an immediate threat to the rights and freedoms of ordinary citizens." I'm from the Government and I'm Here to Kill You, written by a former federal attorney, shows that even the 49 percent have no idea how bad things really are. Rights and freedoms are not the only things at stake; all too often government imperils the very lives of those it supposedly serves. Federal employees have, with legal impunity, blown up a town and killed six hundred people, released staggering amounts of radioactive contamination and lied about the resulting cancer, allowed people to die of an easily treated disease in order to study their deaths, and run guns to Mexican drug cartels in hopes of expanding agency powers. Law enforcement leaders have ordered their subordinates to commit murder. Medical administrators have "cooked the books" and allowed patients to die, while raking in plump bonuses. Federal prosecutors have sent Americans to prison while concealing evidence that proved their innocence. I'm from the Government documents how we came to this pass: American courts misconstrued and expanded the old legal concept of sovereign immunity, "the king can do no wrong." When Congress attempted to allow suits against the government, the legislators used vague language that the courts construed to block most lawsuits. The result is a legal system that allows official negligence to escape legal consequences and paradoxically punishes an agency if it tries to secure public safety. I'm from the Government ends with proposals for legal reforms that will hold the government and its servants accountable

when they inflict harm on Americans.

## **Blood Gun Money**

“An eye-opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords.”--Adam Winkler From the author of *El Narco* and winner of the Maria Moors Cabot Prize, a searing investigation into the enormous black market for firearms, essential to cartels and gangs in the drug trade and contributing to the epidemic of mass shootings. The gun control debate is revived with every mass shooting. But far more people die from gun deaths on the street corners of inner city America and across the border as Mexico's powerful cartels battle to control the drug trade. Guns and drugs aren't often connected in our heated discussions of gun control-but they should be. In Ioan Grillo's groundbreaking new work of investigative journalism, he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth. Grillo travels to gun manufacturers, strolls the aisles of gun shows and gun shops, talks to federal agents who have infiltrated biker gangs, hangs out on Baltimore street corners, and visits the ATF gun tracing center in West Virginia. Along the way, he details the many ways that legal guns can cross over into the black market and into the hands of criminals, fueling violence here and south of the border. Simple legislative measures would help close these loopholes, but America's powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment. Perhaps, however, if guns were seen not as symbols of freedom, but as key accessories in our epidemics of addiction, the conversation would shift. *Blood Gun Money* is that conversation shifter.

## **Government Secrets and Cover-ups**

**GOVERNMENT COVER-UPS** Why on earth would I dare write a shocking book as this one? The simplest explanations, people ALL over the world are naïve and ignorant to what conspires within their own government or of religion, for that matter. These two words dominate people's thoughts everywhere. What it boils down to is, the nature of the human race believes that “what they do not know will not hurt them”. I have to disagree with this philosophy because it can hurt you and even kill you. This is what MOST governments rely on, for people to disbelieve, what is the real truth? Lies are more profitable and who will believe the truth anyway? The truth seems to come out of a science fiction novel. Propaganda rules because the public refuses to believe that this is not the ninetieth or twentieth century anymore. There are new inventions of warfare that most have never heard of. A large amount of ground troops and bombings are becoming obsolete because of laser cannons, robots and the “High Frequency Active Auroral Research Program” (HAARP) project. What better ways to exterminate the over-population then blame it on the weather so the government gets away with “legalized MURDER”? WHY is it so hard to understand or believe, when in reality, people believe in sasquatches (Big Foot), Yeti, abdominal snowman, UFO's, ghost or even living zombies because of panic but they deny government conspiracies? More advanced countries in technology consider “Oriental Countries” as being expendable, to be used as human guinea pigs. Everybody just witnessed this from the typhoon ‘Yolanda in the Philippines, November 8, 2013, before that an Indonesia earthquake followed by a large tidal wave and then a Japan catastrophe. WAKE UP before you become the casualty or of your own family. It is getting worse every day. It is getting worse every year; most do not care or are oblivious to the facts so get educated to reality.

## **The Oxford Handbook of Criminal Process**

The Oxford Handbook of Criminal Process surveys the topics and issues in the field of criminal process, including the laws, institutions, and practices of the criminal justice administration. The process begins with arrests or with crime investigation such as searches for evidence. It continues through trial or some alternative form of adjudication such as plea bargaining that may lead to conviction and punishment, and it includes post-conviction events such as appeals and various procedures for addressing miscarriages of justice. Across more than 40 chapters, this Handbook provides a descriptive overview of the subject sufficient to serve as a durable reference source, and more importantly to offer contemporary critical or

analytical perspectives on those subjects by leading scholars in the field. Topics covered include history, procedure, investigation, prosecution, evidence, adjudication, and appeal.

## **Fast and Furious**

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

## **Operation Wide Receiver**

The true and shocking story of an undercover smuggling operation. Conducted under the umbrella of Project Gunrunner and intended to stem the flow of firearms to Mexico, the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) ran a series of “gun walking” sting operations, including Operation Wide Receiver and Operation Fast & Furious. The government allowed licensed gun dealers to sell weapons to illegal straw buyers so that they could continue to track the firearms as they were transferred to higher-level traffickers and key figures in Mexican cartels. Motivated by a sense of patriotic duty, Tucson gun dealer and author Mike Detty alerted the local ATF office when he was first approached by suspected cartel associates. Detty made the commitment and assumed the risks involved to help the feds make their case, often selling guns to these thugs from his home in the dead of night. Originally informed that the investigation would last just weeks, Detty’s undercover involvement in Operation Wide Receiver—the precursor to Operation Fast & Furious, by far the largest “gun walking” probe—stretched on for an astonishing and dangerous three years. Though the case took several twists and turns, perhaps the cruelest turn was his betrayal by the very agency he risked everything to help. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

## **Treasure Island**

MUTINY, PIRATES AND BURIED TREASURE...AN ADVENTURE FOR ALL AGES! Treasure Island, an adventure novel by Scottish author Robert Louis Stevenson is a tale of buccaneers and buried gold. Originally considered a coming-of-age story, it is the most dramatized of all novels and is noted for its unique atmosphere, characters, and action, which include the sea, pirates, an uninhabited island, danger, romance, exciting adventures and wonderful heroes. The novel’s influence is enormous on popular perceptions of pirates, including such elements as treasure maps marked with an “X”

## **Dirty Politics, Dirty Times**

This is a newly revised and updated paperback edition of the former Conservative Party Treasurer's personal account of his battle over unsubstantiated claims concerning his business affairs which culminated in a libel action against “The Times” newspaper. The book reveals the dirty tricks that were used to destabilise the Conservative Party, including the newspaper's alleged bribery of US government officials, and the abuse of parliamentary privileges by New Labour MPs. This is Lord Ashcroft's compelling account of the attacks on his reputation by New Labour spin-doctors out to slander the Conservative Party and journalists seeking to create a story. This new edition also sheds new light on Michael Ashcroft's private life; his childhood and love of Belize, his business career and his many and varied interests.

## **Hacker, Hoaxer, Whistleblower, Spy**

The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside–outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

## **Whistleblowing for Change**

The courageous acts of whistleblowing that inspired the world over the past few years have changed our perception of surveillance and control in today's information society. But what are the wider effects of whistleblowing as an act of dissent on politics, society, and the arts? How does it contribute to new courses of action, digital tools, and contents? This urgent intervention based on the work of Berlin's Disruption Network Lab examines this growing phenomenon, offering interdisciplinary pathways to empower the public by investigating whistleblowing as a developing political practice that has the ability to provoke change from within.

## **A Book of Golden Deeds (EasyRead Super Large 18pt Edition)**

New York Times bestselling author and FOX News contributor Katie Pavlich exposes the truth behind the real war on women—the one being waged by Democrats. Assault and Flattery goes beyond the Democratic Party’s rhetoric and exposes its shocking and sustained assault on American women that has lasted for generations. And in some cases, the word “assault” is quite literal. Katie Pavlich thinks the Democrats have run the conversation for too long—and is out to debunk the sacred cows of the so-called Republican War on Women. Conservatives are raving about Assault and Flattery. Mark Levin calls it “a thorough and gutsy book that should help set history straight.” Michelle Malkin calls it “a tour-de-force...bold, beautiful, and brilliant.” Sean Hannity calls Katie “one of the country’s top conservative reporters,” and Monica Crowley says she “blows the lid off the lies the Left tells women.” In Assault and Flattery, Katie Pavlich explains that what the Democratic Party is doing to women, it is doing to us all. By segregating us by gender, they’re harming our future.

## **Assault and Flattery**

'I am invisible, understand, simply because people refuse to see me.' Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. And explains how he came to be living underground . . . 'An American classic . . . one of the most original voices of Black America.' The Times

THE prison autobiography from the man who never stopped fighting.

## **My Reminiscences of the Anglo-Boer War**

Reproduction of the original: War and Peace by Leo Tolstoi

## **Bad**

Stephen P. Halbrook's *The Founders' Second Amendment* is the first book-length account of the origins of the Second Amendment, based on the Founders' own statements as found in newspapers, correspondence, debates, and resolutions. Mr. Halbrook investigates the period from 1768 to 1826, from the last years of British rule and the American Revolution through to the adoption of the Constitution and the Bill of Rights, and the passing of the Founders' generation. His book offers the most comprehensive analysis of the arguments behind the drafting and adoption of the Second Amendment, and the intentions of the men who created it.

## **War and Peace**

In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. *Liquid Modernity* concludes the analysis undertaken in Bauman's two previous books *Globalization: The Human Consequences* and *In Search of Politics*. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

## **The Founders' Second Amendment**

Follows the exploits of a young English boy who travels to the Holy Land and serves in King Richard's army during the Crusades.

## **Society and Solitude and Other Essays**

Indiana. Moonlight falls through the dense woods that surround a one-room cabin, where a nine-year-old Abraham Lincoln kneels at his suffering mother's bedside. She's been stricken with something the old-timers call \"Milk Sickness.\" \"My baby boy...\" she whispers before dying. Only later will the grieving Abe learn that his mother's fatal affliction was actually the work of a vampire. When the truth becomes known to young Lincoln, he writes in his journal, \"henceforth my life shall be one of rigorous study and devotion. I shall become a master of mind and body. And this mastery shall have but one purpose...\" Gifted with his legendary height, strength, and skill with an ax, Abe sets out on a path of vengeance that will lead him all the way to the White House. While Abraham Lincoln is widely lauded for saving and freeing millions of slaves, his valiant fight against the forces of the undead has remained in the shadows for hundreds of years. That is, until Seth Grahame-Smith stumbled upon *The Secret Journal of Abraham Lincoln*, and became the first living person to lay eyes on it in more than 140 years. Using the journal as his guide and writing in the grand biographical style of Doris Kearns Goodwin and David McCullough, Seth has reconstructed the true

life story of our greatest president for the first time-all while revealing the hidden history behind the Civil War and uncovering the role vampires played in the birth, growth, and near-death of our nation.

## **Liquid Modernity**

"Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totalling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience - such as healthcare professionals, aid workers, military personnel, travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest to researchers and educators alike."--Publisher's website

## **The Boy Knight**

The story of an anonymous Englishman who, in the spring of 1963, was hired by the Operations Chief of O.A.S. to assassinate General de Gaulle.

## **Westward Ho! Or The Voyages and Adventures of Sir Amyas Leigh, Knight, of Burrough, in the Country of Devon, in the Reign of Her Most Glorious Majesty Queen Elizabeth**

Published in 1968. Interest in the Luddite machine-breaking and food riots of 1812 which took place in the North and Midlands continues unabated. Peel was a pioneer local historian, collecting oral accounts from participants and old inhabitants, as well as studying the printed evidence carefully. In the introduction to the new edition, E. P. Thompson claims that Peel's general account of Luddism in that part of Yorkshire in which he was interested (around Huddersfield) has proved to be more accurate than the analysis of Luddism as a purely industrial phenomenon given by twentieth-century historians, including the Hammonds. This book will be useful to historians of working-class movements.

## **The Poetical Works. With a Life of the Author**

The autobiography of the early radical leader and her participation in communist, anarchist, and feminist activities

## **Abraham Lincoln: Vampire Hunter**

This Illustrated & Translated edition of "Don Quixote" includes: Illustrations of objects and places mentioned in the novel. Don Quixote is a Spanish novel by Miguel de Cervantes. A founding work of Western literature, it is often labeled as the first modern novel and one of the greatest ever written. Don Quixote is also one of the most-translated books in the world.

## **Simplified Signs**

"Direct Action" chronicles the thrilling fast-paced action of the Guerrilla group that blew up the political activist scene of the 80's. Hansen and her Anarchist group Direct Action were responsible for numerous dramatic political acts, including the bombing of the Litton Systems plant in Toronto. After legal protest actions failed to stop Litton from making guidance systems for Cruise missiles, Direct Action defended the Earth, explosively. Additionally, Hansen with other radical feminists showed the Red Hot Video chain just how hot their illegal films depicting rape could become after being firebombed. Ann Hansen served seven years in prison and is now quite at home in Vancouver with her three horses, three dogs, one cat and a bird.

## **The Day of the Jackal**

"And so they waited—waited while the ages-old snow and ice melted from the bare, black rocks under the fierce breath of the fire-storm; while the ocean of flame seethed and roared and eddied about them, licking up the seas and melted snows, and fighting with them as fire and water have fought since the world began; while the foundations of the Southern Pole quivered and rocked beneath their feet, and the walls of their refuge quaked and cracked with the throes of the writhing earth, and cosmos was dissolved into chaos once more."—

## **The Risings of the Luddites**

Seven Pillars of Wisdom is the autobiographical account of the experiences of British soldier T. E. Lawrence ("Lawrence of Arabia"), while serving as a liaison officer with rebel forces during the Arab Revolt against the Ottoman Turks of 1916 to 1918. Contents: Introduction: Foundations Of Revolt Book One: The Discovery Of Feisal Book Two: Opening The Arab Offensive Book Three: A Railway Diversion Book Four: Extending To Akaba Book Five: Marking Time Book Six: The Raid Upon The Bridges Book Seven: The Dead Sea Campaign Book Eight: The Ruin Of High Hope Book Nine: Balancing For A Last Effort Book Ten: The House Is Perfected This edition of "Seven Pillars Of Wisdom" contains supplementary material: \* an explanation of the title "Seven Pillars Of Wisdom" \* little known facts about T. E. Lawrence \* a few quotes of T. E. Lawrence

## **Living My Life**

"Palast is astonishing, he gets the real evidence no one else has the guts to dig up." Vincent Bugliosi, author of None Dare Call it Treason and Helter Skelter Award-winning investigative journalist Greg Palast digs deep to unearth the ugly facts that few reporters working anywhere in the world today have the courage or ability to cover. From East Timor to Waco, he has exposed some of the most egregious cases of political corruption, corporate fraud, and financial manipulation in the US and abroad. His uncanny investigative skills as well as his no-holds-barred style have made him an anathema among magnates on four continents and a living legend among his colleagues and his devoted readership. This exciting collection, now revised and updated, brings together some of Palast's most powerful writing of the past decade. Included here are his celebrated Washington Post exposé on Jeb Bush and Katherine Harris's stealing of the presidential election in Florida, and recent stories on George W. Bush's payoffs to corporate cronies, the payola behind Hillary Clinton, and the faux energy crisis. Also included in this volume are new and previously unpublished material, television transcripts, photographs, and letters.

## **Don Quixote (Illustrated)**

In a world where magic has gone mainstream, a policewoman and a group of petty criminals are pulled into a heist to find a forbidden book of spells that should never be opened. A new adventure begins in the world of the Laundry Files. Dead Lies Dreaming presents a nightmarish vision of a Britain sliding unknowingly towards occult cataclysm . . . 'Grim, hilarious, inventive - make the video game now please' Tamsyn Muir

## **Direct Action**

\*\*\* Law and Order

## **Olga Romanoff**

The Black Arrow: A Tale of the Two Roses is an 1888 novel by Robert Louis Stevenson. It is both a historical adventure novel and a romance novel. Set in the 15th Century, during the War of the Roses, the book follows seventeen-year-old Richard Shelton as he joins the fellowship of the Black Arrow. Intrigue, danger, romance and all the usual suspects in this classic battle adventure

## **Seven Pillars of Wisdom**

'For The Win' is a provocative and exhilarating tale of teen rebellion against global corporations from the New York Times best-selling author of 'Little Brother'.
